PARENTS/CARERS OF P1 PUPILS

DIGITAL JOURNEY TO SUPPORT CONTACT WITH THE SCHOOL OFFICE

Dear Parent/Carer,

We are providing you with useful information and links about the administrative digital programmes used to support your child at school.

These online programmes are excellent communication tools and are available 24/7.

It would be really helpful if you could take the time to sign up to these programmes, as this will help save time and reduce the use of paper for both you and the school.

All of the information you require is contained in the following sections.

We would appreciate if you could take time to provide feedback on your experiences of signing up to the various programmes in the following link
https://forms.office.com/e/QeBmcPvUKF

We hope you find this helpful and wish your child all the best in Primary 1.

Kind regards,
Administration and Business Support Team

Glasgow
CITY COUNCIL

parentsportal.scot

Parents Portal is a digital programme which replaces the school bag run. This programme enables you to:

- Update your address and contact details
- Review the Annual Data Check which contains personal details about your child
- Sign Permission Slips electronically
- Make online bookings for Parents Evenings (for Primary Schools only)
- View your child's attendance, timetable and school calendar
- Report your child's Absence
- Free Bus Travel application – National Entitlement Card (for Primary Schools only).
- Access to key info e.g., Period Dignity.

To access Parents Portal, you must have a MyGov Account. To create a MyGov Account, please click here

If you already have a MyGov Account, please access Parents Portal here

---

groupcall
built on trust

In order to enjoy the benefits of Groupcall, please ensure you provide your mobile number and your email address to your child's school.

This package means you can easily respond to any communications from the school.

For the Xpressions app, you can quickly access and easily download the app to your IOS or Android mobile on your respective app store.

You can login using your personal email and mobile number stored for your child in the school's database.

You can then keep track of all your child's activities.

To find out more about Groupcall and the Xpressions app, please click here

ParentPay

ParentPay is a user-friendly online payment system which enables you to support your child's all-round experiences at school. You can:

- Add funds to your account
- Pay and pre-select school meals
- Monitor your transaction history
- Provide permission for school trips and activities
- Pay for trips and activities

This payment system eliminates the need for your child to be carrying cash to school. It also reduces the need for cash to be kept in school.

It is important to pre-select school meals, as this means the kitchen staff can plan ahead. This helps reduce food waste and you are contributing to the reduced impact to the environment.
